work a great power

mailed to all Judges of Superior Courts; Justice of
Peace; Sheriffs; Chiefs of Police; City Marshals;
City Magistrates; newspapers and signers of petition.

At this time of national emergency every able-bodied
citizen is called upon to do his or her part in the
national war effort. There is no place for drones
or shirkers or slackers. Every American citizen
who is mentally and physically qualified must
either work or fight.

There is ample authority under our state laws for the
enforcement of such a policy by the duly constituted
officials and the time has arrived when such a policy
must be rigidly and impartially enforced.

I am therefore calling upon all constituted authori-
ties of the State of Arizona to lend their assistance
and cooperation to the end that all physically and
mentally qualified citizens within their respective
jurisdictions support the war program by taking their
places either in the military forces or in work.

Sincerely,

G o v e r n o r
